

# TM70 / IK2

Service, design and endless options

External removable  
EEPROM SIM  
module

# IK 2

## Characteristics

- Up to 2 joysticks or 4 paddles
- Toggle Switches, Pushbuttons, Selector Switches,
- Multiband Radio with Full-Duplex communication
- Highly customizable
- 128x64 Graphic LCD Display
- External removable EEPROM SIM module
- Easy and fast maintenance
- High resistance to impacts
- Innovative ergonomics
- Non-slip handles
- Frequency management against interferences

## Specifications

| Transmitter                      | IK2                                  |
|----------------------------------|--------------------------------------|
| Stop Function                    | Cat. 3 - PLd                         |
| Ingress Protection               | IP65/NEMA4                           |
| Anti condensation system         | Goretex Film                         |
| Frequency Band                   | Multiband (400 - 930 MHz)            |
| Main Mechanisms (Max. #)         | Joystick (2) / Paddle (4)            |
| Auxiliary Mechanisms             | Pushbutton, Toggle & Rotary switches |
| Removable EEPROM                 | External                             |
| Battery Model                    | BT11K                                |
| Battery Life                     | 16h                                  |
| Operating Temperature Range      | -20C +70C (-4F +158F)                |
| Weight (with Battery) Grams      | 950 (~ 2.1 lbs)                      |
| Harness                          | Belt / Shoulder Strap                |
| Display                          | 128x64 Graphic LCD                   |
| Cable Connection for Direct Link | YES (M12 Connector)                  |
| Range Limiter                    | YES                                  |
| Associated Receivers             | R70/R70PLUS/MR11/RCANCE/MP20/MP08    |
